

# First Aid Dressing (FAD)

## No. 1 – Sterile Wound Dressing Pad for Emergency Care & Compliance

### Specification Sheet

---

### Product Description:

The **First Aid Dressing (FAD) No. 1** is a **small sterile wound dressing pad** designed for quick and effective treatment of minor cuts, wounds, and bleeding injuries. It combines an **absorbent sterile pad with an attached conforming bandage**, allowing for fast application and secure fixation without additional materials.

Compact and portable, the FAD No. 1 is a standard item in **Regulation 3 compliant workplace first aid kits** and is equally suitable for home, travel, and sports use. Each unit is **individually sterile wrapped**, ensuring maximum hygiene and readiness in emergency situations.
