

150mm Conforming Bandage – Flexible First Aid Dressing

Specification Sheet

Product Description:

The **150mm Conforming Bandage** is a **wide, flexible first aid dressing** designed for effective coverage of large wounds, joints, and limbs. Made from a **soft, stretchable, and breathable fabric**, this bandage provides secure wound protection and gentle compression while ensuring comfort and unrestricted movement.

Its extra width makes it ideal for **industrial, workplace, and emergency use**, where larger injuries require greater coverage and stability. A must-have addition to **workplace Regulation 3 first aid kits**, clinics, and medical facilities.

Specifications:

Attribute	Details
Product Code	
Width	150mm
Length	Standard roll length (stretched)

Material	Soft, stretchable, breathable fabric
Sterility	Non-sterile
Compliance	Suitable for workplace first aid kits (Regulation 3 compatible)
