

50mm Conforming Bandage – Flexible First Aid Dressing

Specification Sheet

Product Description:

The **50mm Conforming Bandage** is a **lightweight, flexible first aid dressing** designed to secure wound pads, dressings, and provide gentle compression for minor injuries. Its **soft, stretchable fabric** conforms comfortably to body contours, making it ideal for smaller wounds or injuries on fingers, wrists, and joints. Compact and easy to use, this bandage is an essential item for both **home and workplace first aid kits**, ensuring secure wound care without restricting movement.
