

# Double Eye Dressing - Soft Pad with Bandage

## Specification Sheet

---

## Product Description:

---

The Double Eye Dressing is designed to protect both eyes simultaneously or provide extended coverage around the eye area. It features two soft, low-adherent eye pads connected to a stretchable bandage, offering cushioning and secure protection from dust, debris, and light exposure. Ideal for high-risk environments such as construction sites and industrial zones.

## Specifications:

---

Property	Details
Type	Double Soft Eye Dressing with Bandage
Sterility	Non-Sterile
Pad Size	2 × Eye Pads - Approx. 6cm × 8cm each
Bandage Length	Stretchable - approx. 120cm
