

First Aid Dressing (FAD) No. 2 – Sterile Wound Dressing Pad for Emergency Care & Compliance

Specification Sheet

Product Description:

The **First Aid Dressing (FAD) No. 2** is a **compact sterile wound dressing pad** designed for the treatment of small to medium injuries. With its **absorbent wound pad and integrated bandage**, it helps control bleeding, protect wounds from infection, and secure dressings in place quickly and effectively.

Ideal for **home, travel, and workplace use**, the FAD No. 2 is a required component of **Regulation 3 compliant first aid kits** in South Africa. Individually sterile wrapped, it ensures readiness, safety, and hygiene in every emergency situation.
