

First Aid Dressing (FAD) No. 5 – Sterile Wound Dressing Pad for Emergency Care & Compliance

Specification Sheet

Product Description:

The **First Aid Dressing (FAD) No. 5** is a **large sterile wound dressing pad** designed for the emergency treatment of major wounds, cuts, and bleeding injuries. With its **highly absorbent pad and integrated bandage**, it provides both wound protection and secure fastening in a single unit.

Widely used in **workplace Regulation 3 compliant first aid kits**, clinics, and emergency response applications, the FAD No. 5 ensures rapid, hygienic wound care. Each dressing is **individually sterile wrapped**, making it safe, portable, and ready for immediate use in emergencies.

Specifications:
