

First Aid Dressing (FAD) No. 6 – Sterile Trauma Pad for Emergency Care & Compliance

Specification Sheet

Product Description:

The **FAD No. 6 Sterile Trauma Pad** is a high-absorbency wound dressing pad used for covering and protecting serious injuries, burns, and heavy bleeding wounds. Packaged individually in a sterile wrap, this trauma dressing provides quick, hygienic application when every second counts.

Manufactured to meet **South African occupational health and safety standards**, the FAD No. 6 is a mandatory component in Regulation 3 First Aid Kits and is trusted by industries, schools, vehicles, and emergency responders.

Specifications:

Specification	Details
