

# Non-Allergenic Paper

## Tape 25mm x 3m

### Specification Sheet

---

### Product Description:

Non-Allergenic Paper Tape 25mm x 3m is a gentle, hypoallergenic medical adhesive tape designed for secure wound dressing fixation while minimising skin irritation. Made from breathable paper material, this medical tape allows airflow to the skin, reducing moisture build-up and discomfort during extended wear. It is suitable for sensitive skin and is commonly used in first aid, medical, and workplace health environments.

### Specifications:

---
